Russell Park Baptist Church

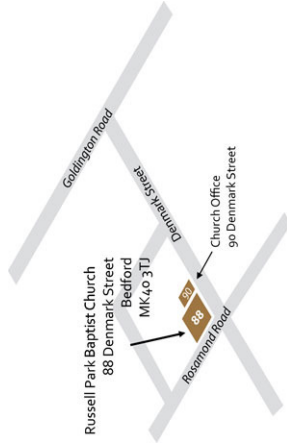

Living, Learning, Loving, Serving

We are delighted to be announcing the return of Noel Richards and Wayne Drain to Bedford on **Sunday 14th March at 7.00pm**. They are being joined by Brian Houston, the third member of the Hudson Taylors. We also have the pleasure of the company of Tricia Richards.

The Hudson Taylors came together in 2001 and following their US Tour, recorded the album 'Hurricane'. The collaboration of a Welshman, Irishman and an American Cherokee/Scot has created a unique sound, which mixes the Celtic with rootsy elements of Country, Acoustic rock and Blues. The songs range from intimate ballads to the anthemic and express worship as well as something of God's heart cry for the lost.

Please come and bring as many of your church and friends as you can, we are expecting a great evening from four very talented individuals with a wealth of experience in music and leading worship.

There will be no admission charge, but we expect to be able to cover costs through an opportunity to give at the end of the evening.
